How Can the Hamburg Chamber of Commerce Energy Program Help Your Business?

The Hamburg Chamber of Commerce selected Constellation as their endorsed competitive energy supplier in 2002. Through relationships with Upstate New York Chambers, Constellation serves over 160 members with an annual load of 250,000 MWh, which is the equivalent to powering more than 20,000 homes annually. Constellation offers greater flexibility to help you develop energy management solutions to protect your bottom line.

Why Choose the Chamber Energy Program?

- Customized energy offers specifically designed for businesses
- Fully negotiated multi-year contract terms give the option to lock in competitive prices for the short- or long-term
- Dedicated customer care representatives ensure timely and accurate billing services
- Free online energy management tools to track usage and billing
- Fully-staffed local New York office
- Customers who participate in Constellation association energy programs such as the Chamber Energy Program tend to report better overall customer satisfaction

**Now’s the Time to Proactively Manage Your Energy Budget**

Energy has become one of the top five expenses for many businesses. Today, more business leaders are looking to Constellation to develop energy strategies to help manage these costs. Whether your business is looking for cost certainty with a fixed price solution; access to real-time market pricing with an index solution; or a more complex risk mitigation strategy, the Chamber Energy Program can offer customized solutions for your business.

Constellation is a leading competitive retail and wholesale supplier of power, natural gas and energy products and services across the continental United States. Constellation’s family of retail businesses serves residential, public sector and business customers, including more than two-thirds of the Fortune 100.

**Explore Your Energy Options**

The Chamber endorses Constellation for electricity.

Constellation’s integrated solutions are designed to help Chamber members intelligently buy, manage and use energy. A direct relationship can bring the right solutions together quickly.
